Summer Program

The Prentice School
JUNE 28 - JULY 22

The Slingerland® Approach uses simultaneous, multi-sensory instruction to teach language arts - speaking, reading, spelling, and writing - to students who struggle learning these skills in a traditional way.

Instruction is presented so that all learning pathways (visual, auditory, kinesthetic-tactile) are used simultaneously in order to enhance memory and learning.

Every year Prentice offers a Slingerland® Summer School, which focuses on the Slingerland® Approach to Language Arts with instruction in reading, handwriting, spelling and oral and written language.

In order to acquire skills that allow children who struggle with language to reach their level of intellectual potential, they must be presented with highly structured and explicit instruction in phonics and the application of rules when writing, following the normal development of language.

Classes begin on Tuesday, June 28th.

Note: There will be NO school on July 4th in observance of Independence Day!
